Firearms Application Instructions for Tenafly Residents

August 1, 2022

To All Tenafly Resident Firearms Applicants:

There has been substantial change to Firearms law in the State of New Jersey recently. Below you will find the most current information for Firearms Purchaser Identification Cards (FPIC), Permits to Purchase a Handgun, and Permits to Carry Firearms. Please be patient since some of the mechanisms in these processes have not been fully implemented at the State level at this time. We will continue to process applications to be prepared when the remaining procedures have been updated by the State. Some of the newly required items and information pertaining to these new procedures are summarized below.

Effective July 5, 2022, N.J.S.A. 2C:58-3 was amended to require applicants who apply for Firearms Purchaser Identification cards (FPICs) or Permits to Purchase Handguns to provide satisfactory proof of firearms training. This training requirement applies to pending applications and permits.

- Applicants are to demonstrate that within four (4) years prior to the date of application that they have satisfactorily completed a course of instruction approved by the Superintendent of State Police in the lawful and safe handling and storage of firearms. **The exact content of this training has not been determined at this time.**
- Although applicants seeking FPICs or Permits to Purchase Handguns are now required to demonstrate this compliance prior to obtaining their first FPIC or Permit to Purchase a Handgun, compliance is not required for any subsequent permit to purchase by an applicant.
- Applicants for FPICs are not required to demonstrate compliance in order to replace or renew an existing FPIC.
- These training requirements are not applicable to an active or retired law enforcement officer or a veteran who was honorably discharged as a member of the United States Armed Forces or National Guard who received substantially equivalent training.
- All FPICs issued after July 5, 2022 are to display a color photograph and thumbprint of the cardholder. The Superintendent of State Police is required to establish guidelines to effectuate the issuance of these new FPICs, which now have to be renewed every ten (10) years. **The Superintendent of State Police has not yet established these guidelines. Therefore, any pending applications cannot be approved until a new FPIC card format and associated renewal guidelines have been determined.**
