

APPLICATION

Tenafly Centennial House Plaque for Historic Homes

The Tenafly Historic Preservation Commission (HPC) has designed a unique bronze plaque to highlight and acknowledge the very special historic homes that make up the character of the Borough of Tenafly.

If you believe your home to be historic, you may apply for one of the oval plaques which ideally should be mounted near the main entrance to the house. Installation is the responsibility of the home owner, but the HPC is available to make a placement recommendation upon request.

Cast in solid bronze by a foundry in Pennsylvania and coated with a red oxide finish, the plaques measure 10 inches wide by 7 inches tall. The image above is an approximate representation. Once ordered, plaques usually ship within 8 weeks. The cost for a custom bronze plaque is \$300.00 which includes a fee for administrative attempts at date verification, shipping and handling.

Ordering procedure:

Please submit the following to the HPC:

- Completed Centennial House Plaque Application Form (below)
- Check for \$ 300.00 made to "Tenafly Historic Preservation Trust Fund"

Mail to:

Tenafly Historic Preservation Commission
Historic House Plaques
100 Riveredge Road
Tenafly, NJ 07670

Once the application is approved and payment received, you will receive within approximately 2 weeks a confirmation email with an image of the plaque you ordered. Approximately 6 weeks later you will receive your plaque in the mail.

Applicant's Name: _____

Property address: _____ *Tenafly, NJ*

Mailing Address (if other than above): _____

_____ *Phone:* _____

Email: _____ *Best known date of construction:* _____

Known construction date is based on the following: _____

Please attach copies of all documents, photos, and additional information which support the known construction date.
